PROFESSIONAL SUMMARY

Computer Science and Engineering student pursuing B.Tech at Dhanekula Institute of Engineering and Technology. Building a strong foundation in C, Java, Python, Data Structures, Algorithms and Database Management Systems. Seeking internship and entry-level software development opportunities to apply programming knowledge and contribute to real-world projects.

EDUCATION

B.Tech – Computer Science and Engineering

Dhanekula Institute of Engineering and Technology, Andhra Pradesh | 3rd Year, 1st Semester | CGPA: 7.0

Intermediate – Sri Chaitanya Junior College | 67%

SSC / 10th – S.V.B.V.N [EM] High School | 56.83%

TECHNICAL SKILLS

Programming: C, Java, Python | **DSA:** Data Structures, Algorithms

Database: DBMS, SQL Fundamentals | **Core:** Object-Oriented Programming

Tools: Git, GitHub, VS Code, PyCharm

PROJECTS

Student Management System — Planned Academic Project | Java, DBMS, SQL

- Plan to develop student record management with add, update, search and management functions.
- Apply Java programming and database concepts to a structured academic application.

Personal Portfolio Website — Planned Project | HTML, CSS, JavaScript

- Plan to build a responsive portfolio showcasing skills, education, projects and contact details.
- Implement interactive sections using JavaScript and responsive design techniques.

INTERNSHIP / EXPERIENCE

Seeking Internship Opportunity – Software Development / Java / Python

Currently seeking an internship to gain practical industry experience and apply programming, DSA, database and software development knowledge.

CERTIFICATIONS

C Programming — [Organization / Year] | Java — [Organization / Year] | Python — [Organization / Year]

DBMS — [Organization / Year] | ITC — [Organization / Year]

RELEVANT COURSEWORK

Data Structures & Algorithms • OOP • DBMS • Computer Networks • Operating Systems • Software Engineering • Data Mining

LANGUAGES

Telugu — Native | English — Basic | Hindi — Basic

CAREER OBJECTIVE

To begin a career in software development where programming and problem-solving skills can be applied to real-world applications while continuously developing technical and professional expertise.
